ERSIDE HOMESTEAD ASSOCIATION.

Association of whose organization we gave
at a few days since, is now ready to dis-
shares. As it is with one exception, (the
l Homestead Association,) the pioneer or-
on of that kind in this city, it may be
ugh to state what are its purposes, and
ner in which it is proposed to conduct its
ns. The purposes of these Homestead
ions are not at all speculative in the or-
ense of the word. They are dependent
rofits of their investment upon the natural
ance in the value of their lands,
pon the co-operation of many individuals
olders—and the advance on values of all
ling lands by reason of the expansion of
on and demand for room outside of, but
r, the city. The Riverside Homestead
tion has a fraction over one hundred and
acres of land situated just south of
n on the east side of the river, the near
dary line being about one mile from the
ding at East Portland. The tract has
trip along the Wallamet river, half a mile
h, and another strip along the Oregon and
s railroad, half a mile in length, the two
being connected near the middle by
blocks (with a street between them,) thus
forming a figure not unlike the letter H,
vided into 74 blocks, 200 feet square (with
running at right angles) and 80 fractional
along the river front. The shares thus
worth $60 per share. It will be seen that
thus represents nearly a lot with an undi-
terest in the 80 fractional lots. The 80 frac-
hares are to be sold off at the proper time
benefit of the Association, shareholders
in for the proceeds in proportion to the
of shares held. When all shares are
and the Association shall deter-
do it, the choice of lots and blocks
put up at auction to the highest
the proceeds of such sales, after deducting
ginal price of shares or lots, to be divided
among the whole number of shares.
f a person wants a particular lot or block
willing to pay $100 or $200 premium (more
as the case may be) he pays it and takes
ot block as his individual property, the
n being divided among the whole number
eholders. It will be seen, therefore, that
ldg is co-operative, and all interests har-
No man can make a dollar out of it with-
making a dollar for every other equal
older. There is no chance for loss, unless
perty, by some chance, should depreciate
w the first actual cost. Whether this
happen in the case of this particular
land must be judged by each for him-
iderning the steady and unparalleled
in real estate in this city and neigh-
nd at East Portland and vicinity, for the
ar or two, it seems hardly possible to
nge back.
e Riverside Association all proper pr
em to have been taken to guard
l of shares. No person is allowed
re than the number of shares rep
ocks, or twenty-four lots, and votes

d in the same manner. The buyer
may pay down $60 per share, which will
them from all assessments, or they may
quarterly with an assessment of $3
payable with the first installment, being
this latter case to another (and only one
ssment of $3 per share. Upon
t of the shares in full, with the assessm
e, the holder is entitled to his cert
proportion of all the profits accrued from
ces. No officer of the Association receives

part of the tract lying along the river is
plateau, nearly level, about 60 to 90 feet
e water. There is no part of the front
blocks but commands a splendid view of
d and the river for miles up and down.
That part of the tract lying along the
l is, every foot of it, of the richest loam
adapted to gardening purposes. A beau-
tle stream of pure water runs through
the entire length of this wing of the tract,
g the means of irrigation, and power suf-
o supply pure water to every part of the
ract. There is not a waste lot or fractional
he entire tract. Under all these advan-
t would seem impossible that there should
chance of loss to shareholders. With
h shareholder, if he choose, may get a
title to as many lots as his shares may
it, or he may continue his interest, under
with the Association while the organiza-

EASTERN DATES TO OCT. 8.

Earthquake at Calabria.

LONDON, Oct 5.—A dreadful earthquake has just occurred at Calabria. Many lives were lost and several villages destroyed.

An Appeal from Eugenie.

LONDON, Oct. 7.—The Empress appeals to the powers to prevent the bombardment of Paris or the partition of France.

Dispatches from Tours.

TOURS, Oct. 6, via London, Oct. 7.—The troops have all left here, but the movement is kept a secret.

TOURS, Oct. 7.—The Pontifical Zouaves who are to come to Tours will form a complete corps of 5,000.

10,000 Italian troops have just arrived at Chambers.

The people of Tours, who attach much importance to every act of the United States Government, are much excited over Burnside's visit to Favre.

TOURS, Oct. 8.—The Government announces cheering news from every quarter of France. Peasants are prepared to push the invader.

Gambetta recently left Paris in a balloon and landed safely outside of the Prussian lines, and is now on his way to Tours.

Enthusiasm is increasing. Volunteers are rapidly swelling the ranks of the two armies forming.

The Prussians seem determined to advance on Normandy.

People are sending their cattle and grain further south, and placing every obstacle possible in the way of the Prussians.

The Papal troops and Garibaldians make a force of 6,000, and form the nucleus of one of their new armies.

The *Journal de Brussels* says negotiations are now pending between the German Government (backed by Russia) and Napoleon, the object being to prevent the establishment of a French republic.

ST. QUENTIN, Oct. 7—Midnight.—The Prussians have arrived within three leagues and are expected to attack at daylight.

Miscellaneous Dispatches.

MARSEILLES, Oct. 7.—Garibaldi has arrived here.

SAARBRUCKEN, Oct. 7, via Berlin.—The Prussians opened heavy batteries on Stonay, the northern defense of Metz, with a spirited cannonade, which lasted for two hours. The result is unknown; probably, indecisive.

LYONS, Oct. 8.—The Pontifical Zouaves, 500 strong, arrived at Tours to day and will enter the French service.

MONTARGES, Oct. 7.—The Prussian post at Roundarch, comprising thirty men, were all killed by Turcos.

CHARLEROY, Oct. 8.—Epernay has been evacuated by the Prussians, who are retreating.

TOURS, Oct. 7.—Gen. Campreles reports to the Minister of War, from Epernal, that on the 4th inst. the enemy was going toward Newbrache. There was skirmishing the previous day, without serious result. Villages about Epernal are filled with troops. The Prefect of Epernal telegraphs to the Minister of the Interior that a combat took place yesterday between the towns of Lasoi and Prayers. 8,000 French fought against 10,000 Prussians, supported by artillery. The French troops, aided by the National Guards, held their position.

ROUEN, Oct. 7.—The Prussians at Gisors have been repulsed by the National Guards. The enemy formed a camp near Gisors of 25,000 men.

TOURS, Oct. 7.—Telegrams received, show a steady advance by the Prussians, invading the east and southwest of France, on the march to Lyons.

Journals says there is a general uprising in Vorges. There are no regular troops there, but all men are aroused. France's Tirrieurs are in all the passes and give no quarter.

TURIN, Oct. 7.—It is creditably reported that the Italian Government has taken measures for the declaration that they have no intention of claiming Nice from France.

Disturbances in Paris.

LONDON, Oct. 7.—A special to the *Times* says the following is an extract from a Paris letter, dated Oct. 3: Serious opposition is still at work, and growing bolder in the demand for the confiscation of the property of all who left Paris, for the benefit of the national defenders, and of all property of accomplices in the Bonapartist government. The Government has been weak enough to yield, in some points, to these men. They all demand the destruction of the column of Vendome, and all memorials pertaining to the Bonapartists.

The question of food begins to be serious, and food riots are feared. A club of men are urging the people on, saying that the provisions belong to the people, and that Paris had no right to take them. Five thousand beeves and four thousand sheep are killed daily, which would perhaps be enough for all if just distribution were made; but, unfortunately, money buys the best in quality and quantity, and little or none is left for the poor. Many groceries have been closed by the people for raising prices.

The defeat of the sorties on the first instant created consternation. There have been a few encounters at night by an organized band of people. Should further reverses occur it is feared that the dangerous classes would inaugurate a terrible revolution. The news of the surrender of Strasbourg and Toul had a most depressing effect. Troops lined the streets to preserve order.

Minister Washburne has abandoned his residence. The whole quartier is barricaded and mined.

Ministers declare their inability to furnish arms at present.

All Americans will leave Paris when Washburne leaves.

Gen. Ulrich, the Defender of Strasbourg.

TOURS, Oct. 7.—The capitulation of Gen. Ulrich is fully approved by the Government here, notwithstanding the statements to the contrary. The General is free from all reproach and in full accordance with the Government.

Dispatch from London.

LONDON, Oct. 7.—Gen. Bourbaki has been allowed to re enter Metz.

A Paris correspondent of the London *Times* writes that the supplies of meats are fast vanishing; breadstuffs are plenty; there is also plenty of guns and ammunition.

LONDON, Oct. 7.—Gen. Burnside is in Paris. He declares the fortification there to be formidable.

A balloon company offers to take people out of the city for 2,000 francs a head.

Bismarck complains of Belgium sympathising with France.

Jesuits are leaving Rome.

LONDON, Oct. 8.—Railroad trains are now running day and night. Railways eastward of Paris are being used by the Prussians, who are bringing up heavy siege guns. One of the trains was thrown from the track last night, and four Frenchmen were arrested on suspicion of loosening the rails.

George Sand, in writing from Paris, says the city is good for at least a siege of six months' duration.

The Prussians threaten Giersours, where they were repulsed five days ago.

The redoubt near St. Denis has been abandoned by the French, the position having become untenable.

EASTERN STATES.

Postal Convention with British Columbia.

WASHINGTON, Oct. 8.—The Postal Convention is concluded between the United States and the Provinces of Vancouver Island and British Columbia, the establishing and regulating of an exchange of correspondence with these colonies on the same basis as that adopted in the Postal Convention with Canada. The convention goes into effect immediately.

Billiards.

NEW YORK, Oct. 7.—At the championship game of billiards to-night Rudolph made 1,561 to Dion's 1,192. The winner's average was 28 for each winning.

If you wish to buy or rent Farms or City Property call on PARRISH & ATKINSON, Corner of Front and Alder streets, Portland, Oregon.

THE OREGON LEGISLATURE.

Sixth Biennial Session.

SENATE—Morning Session.

SALEM, Saturday, Oct 8, 1870.

The Senate was called to order at the usual hour by the President.

Mr. Lieuallen, from the special committee to which was referred H. B. 7, to amend the law regulating fees of county officers so far as the same relate to Wasco and Umatilla counties, reported back with the recommendation that it pass.

SECOND READING OF BILLS.

The following bills were read a second time: S. B. 55, to provide for a loan of $10,000 to Baker City Academy; S. B. 52, prescribes the times and places for holding terms of the Supreme Court and to fix the salaries of the Judges—referred to the Judiciary committee, S. B. 52, to amend the General Laws relating to roads and ferries—referred to the Committee on Roads and Highways.

THIRD READING OF BILLS.

The following bills were read the third time: S. B. 37, to provide for educational and religious incorporations—passed, S. B. 50, to create the office of Circuit Court Reporter—referred for correction of clerical errors to the Judiciary Committee.

BUSINESS FROM THE TABLE.

On motion of Mr. Baldwin, S. B. 3, relating to the manner of laying out roads and highways, was taken from the table and put upon its passage. The yeas were 10, nays 8, so the bill was lost.

Mr. Nowly gave notice that he would hereafter move a reconsideration of the vote.

On motion of Mr. Cochran, S. B. 14, to regulate the manner of laying out and working of roads, was taken from the table. After some discussion, the bill was recommitted to the Committee on Roads and Highways.

FEES OF COUNTY OFFICERS.

H. B. 7, to amend the General Laws in relation to fees of county officers so far as relates to Wasco and Umatilla counties, was read the third time and passed. Yeas, 16, nays, none. (The bill repeals the 33 per cent additional fees.)

INTRODUCTION OF BILLS.

Mr. Baldwin introduced S. B. 4, to amend the act taxing and regulating foreign insurance companies doing business in this State. Ordered printed.

Mr. Strahan introduced S. B. 55, to provide for paying certain contingent expenses of the Legislative Assembly. It appropriates $800 33 to pay expenses of the contested election cases from Benton and Yamhill counties. The rules were suspended, the bill was read twice by title, and referred to the Committee of Ways and Means.

On motion of Mr. Baldwin the Senate, at 11:45 A. M., adjourned till 11 o'clock A. M., Monday.

HOUSE—Morning Session.

SALEM, Saturday, Oct 8th.

The House met at 9 A. M., the Speaker in the chair. The reading of the Journal was postponed till the afternoon.

Mr. McLain obtained leave of absence until next Monday.

Mr. Hare presented a petition from citizens of Washington, asking an amendment to the act relating to draining land. The petition was referred to the Judiciary Committee.

NAVIGATION OF THE UMPQUA RIVER.

Mr. Hutchinson offered a memorial and resolution instructing our Senators and requesting our Representative in Congress to procure an appropriation of $75,000 to improve the Umpqua river so as to make it navigable to Roseburg.

Mr. Hutchinson said the Umpqua river could be opened for navigation for the sum named, and that when once cleared of boulders it would ever afterwards remain open to navigation. In this respect the river is unlike most rivers which are constantly filling with sand and other debris.

The memorial and accompanying resolution were adopted.

SERGEANT-AT-ARMS—PETITIONS.

Mr. Grant moved, that W. W. Moreland act as Sergeant-at-Arms during the illness of Mr. Howell. The motion prevailed.

Mr. Lockhart offered a resolution to change the standing rule requiring bills to be read on separate days. The resolution was objected to as unconstitutional and withdrawn.

Mr. Whalley presented a petition from citizens of East Portland, asking the incorporation of that town. The petition was referred to the Judiciary Committee.

Mr. Lockhart presented a petition from James Aiken and 93 other citizens of Coos county, asking the passage of a law to create the office of Surveyor of Logs. The petition was read and referred to the Committee on Commerce.

Mr. Olney presented a petition asking the incorporation of the town of Clatsop. The petition was read and referred to the Committee on Counties.

REPORTS—SYSTEM OF COMMON SCHOOLS.

Mr. Helm, from the Judiciary Committee, made a favorable report upon the bill relative to amending the Mechanic's Lien Law. The bill was ordered engrossed.

Mr. Porter, from the Committee on Commerce, reported favorably upon the bill to license and tax drummers. Ordered engrossed.

Mr. Lockhart, from the Committee on Education, reported a bill for an act to establish a uniform system of Common Schools. (The bill is similar to the common school law of California. It creates a Board of Education, to consist of the Governor, Secretary of State and Superintendent of Public Instruction; the Board to have power to adopt a uniform system of text books, to be changed not more than once in four years, to report biennially to the Legislature. Provides for the election biennially of a Superintendent of Public Instruction, but leaves the salary blank; the Superintendent to appoint a clerk as assistant; to keep his office at Salem. Prescribes in detail the duty of the State and County Superintendents, and requires County Courts to levy a tax of five mills on all taxable property for school purposes.)

Mr. Lockhart—I would say that this bill has been prepared with care under the advice of some of the most experienced educators in this State. It has been submitted to the Committee on Education of both Houses, and has the unanimous approval of both committees. I would therefore, move that it be ordered printed and referred to the Committee on Education. The motion prevailed.

WATER RIGHTS.

Mr. McCoy, from the special committee to whom was referred the bill in relation to water rights, etc., reported amendments to the bill.

Mr. O'Regan moved to lay the bill upon the table. The motion failed. Various amendments were offered, discussed and disposed of, and the bill was finally ordered engrossed.

REPUDIATION.

Mr. Amis offered the following:

WHEREAS, The Legislative Assembly of the State of Oregon, by an Act for the relief of the commissioned officers and enlisted men of the Oregon volunteers in the service of the United States, approved October 24th, 1864, and by an Act amendatory thereof, approved December 19th, 1865, and by the Act entitled An Act in relation to bounties to volunteers, approved December 19th, 1865, authorized the loaning of the credit of the State to the creation of debts and liabilities, in excess of the sum of $50,000, and to an amount exceeding the sum of $230,000, and at a time when the State of Oregon was not engaged in war and was not invaded nor in danger of invasion, and when there was no insurrection within its borders; and, whereas, the loaning of such credit and the creation of such debt and liabilities were palpable violations of the Constitution of this State (Sec 7, Art. 11); and, whereas, it is claimed that there exists by reason of the said illegal votes a large indebtedness, amounting to about the sum of $106,833; now, therefore, be it

Resolved, The Senate concurring, That the question shall be submitted to the qualified voters of this State, whether the illegal indebtedness created in pursuance of said acts of the Legislative Assembly shall be paid or not, and the Judges of election throughout this State are required to propound to each voter the question: Are you in favor of paying any indebtedness created by the acts approved October 24th, 1864, and the amendment thereto of December 19th, 1865, entitled an act in relation to bounties to volunteers. And the answer thereto shall be recorded, certified and returned as other election returns, and upon columns to be made upon the Poll Books by the County Clerks of the respective counties of this State, and until such election and the meeting of the next General Assembly the Treasurer of the State shall not pay either the principle or interest of the bonds issued under such enactments.

Mr. Amis—This is a very important resolution, and as I do not wish to rush it through without due consideration, I move that it be made the special order of the day for Monday next, at 2 o'clock P. M., and that it be ordered printed. The motion prevailed.

INTRODUCTION OF BILLS.

Mr. Amis introduced a bill for An Act to authorize the Penitentiary of Oregon to receive and keep prisoners committed under the authority of the United States. The bill was read the first time.

Mr. Dashiel gave notice of a bill to reduce the salaries of the County Judges of the counties east of the Cascades.

Mr. Paquet introduced a bill to define the duties and liabilities of school directors. The bill was read the first and second time, and referred to the Committee on Education.

Mr. Helm introduced a bill relating to the fencing of railroads. It requires all railroad corporations fence the railroad tracks and keep the same in repair. The bill was read the first time and ordered printed.

Mr. Durham gave notice of a bill to amend section 6 of title I of the General Laws.

Also, of a bill to separate the office of County Clerk from that of Clerk of the Circuit Court in Marion, Multnomah and Yamhill counties.

Mr. Dunbar introduced a bill to pay certain bounties for the scalps of wild animals. It authorizes a bounty of $5 for the scalp of each panther, $3 for each wolf and $1 for each wild cat.

Mr. Durham offered a joint resolution to provide each Justice of the Peace, Constable, Sheriff, Judge and Clerk with a copy of the Code and Session Laws, and also each member of the Legislature and the Justices of the Supreme Court with a copy of the Journals and Laws of the present session.

The resolution was adopted.

RELIEF OF DOUGLAS COUNTY—EXTRA PAY.

Mr. Caldwell introduced a bill for the relief of Douglas county. It remits the interest on the litigated tax.

The bill was referred to the Committee on Claims.

Mr. Lockhart introduced a bill for the protection of fisheries.

The bill was ordered printed.

Mr. Helm offered a resolution to allow the Chief Clerk elect and the Assistant Clerk of each House three dollars per day in addition to the usual per diem.

Mr. O'Regan—Before giving my vote I wish to say this: Retrenchment is the watchword of the Democratic party, and therefore I shall vote no. [Laughter.

Mr. Lockhart—*sotto voce*—Is the gentleman a Democrat?

Mr. Helm—He is conforming to his early instincts. [Laughter.]

The resolution was adopted, the vote being 29 ayes to 13 nays.

Mr. Grant introduced a bill to amend Section 1 of Title I of Chapter 13 of General Laws.

The bill was read the first time.

At 12 M. the House adjourned.

Afternoon Session.

KLAMATH COUNTY—REPRESENTATION—TAXES.

Mr. Burnett introduced a bill to create and organize the county of Klamath, to be bounded thus: From the forty second degree of north latitude, where it is crossed by the one hundred and twentieth degree meridian; thence north to the forty-third degree; thence west to the line of Douglas county; thence southwest to the summit of the Cascade mountains; thence southerly to the forty-second degree, and thence east to place of beginning.

Mr. Olney introduced a bill to re-apportion the representation of the counties therein named, Tillamook and Yamhill to have a Joint Senator and Joint Representative, and Yamhill to have two Representatives; Washington, Clatsop and Columbia to have a Senator jointly, and Clatsop and Columbia to have one Representative, and Washington two.

Mr. Hutchinson introduced a bill to amend the General Laws in relation to assessments and to facilitate the collection of taxes.

Mr. Hutchinson stated that one object of the bill was to give more time to the Assessors of the Southern counties in which to make their assessments, by allowing them to begin earlier in the season—on March 15th. The Assessor of Douglas county has to travel over a very large tract of country, and must make his assessments under the existing law within two months, without assistance, except when sick. Another object is to make the assessment early enough in the spring to secure the tax on transient persons who are engaged in teaming across the border into California, where assessments are made early in the year. Heretofore a large amount of tax has been collected off the citizens of Oregon by the Assessors of Siskiyou county, which under this bill may be saved to the State.

The bill was read twice and ordered engrossed.

Mr. Porter obtained leave of absence until Monday morning.

RATES OF INTEREST.

H. B. 31—an Act to amend the general laws relative to interest on money. (Interest on contracts where the rate is not fixed to be 8 per centum, and in no case to exceed 10 per centum.)

Mr. Holman—I move that the bill be referred to a special committee of three.

Mr. Whalley—I think it is unnecessary to refer the bill. It is a simple one and can be disposed of in a short time.

Mr. Dorris moved to amend the bill so as to except existing contracts from the operation of the law.

Mr. Hutchinson thought the bill would have a tendency to unsettle the money market in the State if not to drive capital out of the State and make it necessary for business men in Oregon to go to California in order to carry on business. He moved to amend by striking out 10 per centum and inserting 15 per centum.

Mr. Whiteaker thought the bill well drawn, and could see no reason for referring it. He thought the bill would not pass.

Mr. Holman—I do not propose to take up the time of the House with any argument upon the bill. It is a bill of considerable importance. I will state that I have not fully made up my mind as to how I shall vote upon the passage of the bill. I offered the bill some two weeks ago, and I did it for the purpose of bringing it before this House, and I supposed it would be discussed and that it would either go through or be killed. I am not tenacious at all about it. I will simply say in answer to the gentleman from Douglas that I shall oppose the amendment he offers to increase the legal rate of interest to 15 per centum. I believe that is too much, and I think that the agricultural, manufacturing and the general interests of this State would be damaged by the increased rate if it should prevail, but I have no fears of its prevailing. I would simply say that I would like to hear the bill discussed.

Mr. Olney thought there was no necessity for changing the existing law, to which the business of the State has become accustomed.

Mr. Davenport—I move to indefinitely postpone the bill.

Mr. Holman—I hope that motion will not prevail. I introduced the bill in order that it might be examined by the House. I do not understand the motives which have induced the motion to indefinitely postpone.

Mr. Davenport—I am perfectly willing to withdraw the motion, but I understood the gentleman to say that he had not made up his mind as to whether he would vote for the bill, from which I inferred that he was indifferent about it.

Mr. Holman—When I introduced the bill I desired to see it become a law, but since then I have talked with men inside and outside of this body. I have endeavored to ascertain the wants of the country on the subject. I will say that I have not fully made up my mind, but I hope that the bill will be allowed to go to a vote, so that the House may determine its fate upon its merits.

Mr. Davenport withdrew the motion.

Mr. Dorris renewed the motion.

Mr. Hutchinson withdrew his motion and moved to amend by saying 12 per cent.

SCHOOL LANDS—BOOKS OF TREASURER.

Mr. Hutchinson offered a resolution requiring the Board of Commissioners for the sale of school lands to report to the Legislative Assembly their proceedings since their last report. The resolution was adopted.

Mr. Caldwell offered the following:

Resolved, By the House, the Senate concurring, that a committee of three on the part of the House, and two on the part of the Senate, be appointed to examine the books and accounts of the Treasurer of the State and Secretary of State, to ascertain whether the money accumulating has been kept in the Treasury or loaned out, and if loaned, to whom the loans were made, and for what rate, and that the committee have power to send for persons and papers.

Mr. Hare moved to amend by authorizing the committee to investigate the condition of the bonds which have been paid by the State. The amendment was accepted and the resolution was adopted.

SECOND READING OF BILLS.

H. B. No. 33—An act to regulate the fees of pilots on the Columbia river bar, was read the second time and referred to the Judiciary Committee.

H. B. No. 25—An act to aid in the construction of a wagon road from Tillamook to the Willamette valley, was read the second time and referred to the Committee on Public Highways.

H. B. No. 2—An act donating certain lands to the Coos Bay Wagon Road Company.

Mr. Whalley moved to amend by striking out the second section. He did not favor the passage of the bill, and desired that if it should pass it should be as unobjectionable as possible. He was of opinion that the section would be of no value.

Mr. Drain asked the House to either kill the bill at at once or else pass it. It had already been referred and amended enough.

Mr. Olney regarded the objection raised by Mr. Whalley as technical. The section would be valuable to the Road Company, because it would stand as a promise on the part of the State to grant the lands, and thus give them credit and hold out an inducement to them to go on with the road.

Mr. Whalley asked if Mr. Olney did not deem further action on the part of the State unnecessary to make the grant good.

Mr. Olney—Not unlikely, yet I think it valuable.

The bill was ordered engrossed.

H. B. No. 50—An act to amend the General Laws relating to oysters and salmon, was read the second time and referred to the Judiciary Committee.

H. B. No. 40—An act relating to poll tax, was read and ordered engrossed.

H. B. No. —An act relating to the granting of licenses of ferries, was ordered engrossed.

H. B. No. 50.—An act to amend section 8, chapter 5, of the General Laws, was referred to the Judiciary Committee.

H. B. No. 43—An act to amend the General Laws, relating to common schools, was read and referred to the Committee on Education.

H. B. No. 21—An act to protect stock-growers, was read and referred to the Judiciary Committee.

Mr. Whalley expressed himself in favor of no change in the law unless it could be made to conform to that of California and Idaho, fixing the rate at 12 per cent. on money not under contract, and leaving the rates under contract at the discretion of the parties.

Mr. Amis—I move to lay the motion to amend on the table.

Mr. Grant—I hope the motion will not prevail. I think the bill a good one. I am told that interest is now too high. I think that the gentlemen are making a mistake when they try to pattern after other States. Let us make our State a pattern for other States to follow.

Mr. Holman—I desire to ask in what condition this motion to lay the amendment on the table will leave the bill.

The Speaker—It will be upon the table. [Laughter.]

Mr. Holman—I mean to ask if it can be taken up again.

The Speaker—Certainly. The motion prevailed.

BILLS CONTINUED.

H. B. 45—an Act to amend sections 500 and 501 of the civil code.

Mr. Whiteaker offered a substitute which with the bill was referred to the Judiciary Committee.

H. B. 29—An Act for the relief of Josephine county was read and referred to the Committee on Claims.

H. B. 27—An Act to protect unincorporated towns and villages.

Mr. Drain—I move to amend by saying "parties shall not ride or drive through such towns at a faster rate than ten miles," instead of six miles. Six miles is a very slow rate.

Mr. Grant—I move to refer the bill to the Committee on Roads and Highways.

Mr. Hare could see no reason for referring the bill or amending it. It had been prepared by a committee and was designed to comply with a petition from the people of one of the counties to protect such towns from the misbehavior of rowdies in using profane and obscene language and riding at a dangerous pace through the streets.

Mr. Grant—I will explain why I made the motion to refer. The bill speaks of using profane language. Now, sir, in years gone by, when I went to town and happened to be insulted by somebody I was in the habit of using very profane language towards him, and now, since I have quit using it, I don't want to bind any other man down, but I want to leave him to consult his own conscience and his God. I wanted the bill referred, just so as to strike out the word "profane." I am in favor of the rest of it.

Mr. Fulton was opposed to referring, and thought the bill a good one.

Mr. Helm moved to adjourn.

Mr. Hutchinson asked and obtained leave of absence until Monday.

At 4 P. M. the House adjourned.

The Daily Oregonian.

MONDAY MORNING OCTOBER 10 1870

State Repudiation

Equitable adjustment has broken out violently in the Legislature This beautiful principle it seems is not restricted to the National debt it is to apply to our State debt also We supposed it would come to that A proposition is to be made to the voters of the State to repudiate the bounty and relief bonds which were given by the State to the Oregon volunteers by the Act of 1864 A Democratic member has submitted this proposition, and it is to be made the special order in the House for Monday to-day) The exact nature of the proposition may be seen by consulting the regular proceedings had in the House on Saturday which appear in another place in this issue of the OREGONIAN.

There can be no doubt that a due regard for the late Democratic platform of this State requires this step to be taken The only wonder is that the measure was not sooner proposed in the present Legislature It is precisely in accord with the doctrine of that platform in regard to the public debt of the United States Both these debts, Democratic authority tells us, were incurred in violation of the fundamental law. Therefore, of course, on "Democratic' principles both should be dealt with on the excellent theory of 'equitable adjustment, —that is both should be repudiated. We are rather surprised however to find that the mover of this proposition is willing to leave the question of repudiating the debt to a vote of the people. Hasn't a Legislature elected on a repudiation platform full license to enforce the doctrine of repudiation as to all debts and obligations?

The preamble to this precious resolution says that the debt was incurred 'at a time when the State of Oregon was not engaged in war, and was not invaded, nor in danger of invasion, and when there was no insurrection within its borders ' therefore the act by which the debt was created is illegal It is true that Oregon as a State was not engaged in war, but the people of Oregon being a part of the people of the United States and owing allegiance to the National Government, were engaged in war against the people of several States by whom the national authority was denied We were, therefore engaged in war The people of Oregon had the same obligations to the Government as those of Pennsylvania The rebels were our enemies because they were public enemies Our people had the same connection with the war as had the people of any adhering State Our duties and responsibilities as citizens of the United State, were the same as the duties and responsibilities of citizens residing in other parts of the Union. The war was not a thing that was foreign to the people of Oregon, The mover of this proposition to repudiate is clearly governed by the idea that the war was a thing the people of Oregon had nothing to do with Oregon, he holds, was an independent sovereignty, that could remain "neutral in the conflict, This little error, on which the whole political ideas and doctrines of the Democratic party are based, is now very effectually exploded. The American people constitute a nation their Government is a National Government and not a league of States It is rather late in the day to assert that when the United States is engaged in war either with a domestic enemy or a foreign power, Oregon or any other State can remain "neutral," if it so desires

But it will be persisted that the *State* was not engaged in the war Well, a State, strictly speaking, cannot engage in war It can not make war upon another State or upon a foreign power. If attacked or invaded it may defend; but then the General Government is bound to come at once to its assistance Thus there can be no war except a *national* war, Even in case of domestic violence in any State the United States is bound to assist such State when the application for such assistance is made This attempt to segregate the people of Oregon from the people of the United States is in exact accord with the States-right secession notions of the Democratic party, but such notions are emphatically out of date now

The General Government in 1864, when the war of the rebellion was at its height, made a requisition on Oregon for a regiment This, we take it, is very good proof that we were deemed to be 'engaged in war' about as much as anybody else The Government was compelled to have the regiment We could stand the draft, or raise it by volunteering. An enrollment had just been made throughout the State by the Provost Marshal and everything was in good shape for the draft to begin. In order to avoid the draft the Legislature deemed it better to offer bounties for volunteers The bounties were offered accordingly, and had the desired effect. The regiment was raised by volunteering No class was more glad to escape the draft by this means than the very Democrats who now want to repudiate the bonds on the ridiculous pretense that there was no war or rather that Oregon had no part or concern in it.

We hope, however this proposition will pass the Legislature Let us get the question of repudiation before the people squarely, and without equivocations. This proposition is a plain one Heretofore the Democratic party has succeeded in cloaking its "great principle' under various disguises but the adoption of this resolution to present the subject unequivocally to the people will allow them to have a slap at repudiation stripped of all its disguises, and aliases It will make the issue a plain one and simplify the whole matter that the Democratic party here have so long been harping on Let us have it!

'Reception Extraordinary

Col Kelly arrived here from Salem on Saturday evening Not one person appeared to greet him there was no music and carpet-bag in hand, he pursued his solitary way from the depot to his home One would have supposed that even if his party did feel so whipped and disgusted over his humiliation, a few personal friends would have been on hand for decency's sake to meet and welcome the Senator elect on his first appearance since his election in the city where he resides But there was no nobody And to make the thing more noticeable the *Herald* on Saturday morning had but a *single line*, and that in an obscure place in the paper, announcing his return In the very same issue of the Democratic organ there was an enthusiastic notice of the arrival of 'two bulls from the Dalles for the State Fair with extended description and pedigree Nobody called on the Senator elect there was no serenade and the neglect he experienced must have added greatly to his feeling of humiliation We knew the Democracy ' were sick over his election on the pledges he gave, but did think they would try to keep up appearances better

An Imperial Intrigue

It really begins to look as if an intrigue were going on between the imprisoned Emperor and Marshal Bazaine on the one side and the Prussian Cabinet on the other Not long ago General Bourbaki, an officer of high rank escaped from Metz It was stated shortly afterwards that the German commanders had connived at his escape which was soon proven by the fact that he was allowed to visit the Empress at Wilhelmshohe Dispatches now state that he has been permitted to re-enter Metz Marshal Bazaine is known to be thoroughly and steadfastly devoted to the Emperor and it was for this reason that at the beginning of the war he was made commander in chief of the army Since the capture of the Emperor Bazaine has signified his resolution not to recognize any other authority in France than that of the Imperial Regency Inasmuch as a messenger is allowed to pass between the Emperor and the Marshal it is clear that there is an attempt to effect some arrangement or other Probably it points to the surrender of Metz at the proper time with an arrangement guaranteeing the continuance of the imperial dynasty This supposition also receives color from numerous other incidents and indications Germany, clearly would not be averse to the restoration of Napoleon France must have a Government of some kind after peace is made, and the Government of the Emperor would probably be much less formidable to Germany than any new one that could be established

We never shall again doubt the story of the man who said he was able to brew sunbeams from cucumbers For here comes the Albany *Democrat* with a leader on the Maine and Vermont elections, claiming "great Democratic gains in those States, and declaring that these elections 'demonstrate conclusively that the great tidal wave of Democratic success is fast overtaking the worn out hulk of Radicalism and will soon sink it beneath the surging waters of public opinion ' There now! But let's look a little Last year there were three candidates for Governor in Maine The vote stood Chamberlain (Rep) 50,980, Smith (Dem) 38,502 Hichborn (Temperance) 4 700 Clear Republican majority, 7,788 This year there were but two candidates The vote stood Perham (Rep) 54 051 Roberts (Dem) 45,176 Republican majority, 8 865 or 1,087 more than last year In Vermont last year the Republican majority was 20,379 This year it is 21,679 In this way is ' Radicalism going down beneath the surging waters of public opinion! It is admirable to see on what foundations the Albany paper can build its hopes for the future of its party

It is said that the ring at the capital who are proposing to grab the school lands still lack one vote in the House This will make it necessary to throw out the Republican members from Clackamas, which we expect to see done before the close of the present week, The ring has gone too far to stop now What will be gained by having thrown out the Republican members from several counties unless this final step is taken? The ambitious homicide who takes the lives of a dozen persons standing between him and a throne cannot afford to stop when only one person remains between him and the object of his ambition

An official copy of the United States census for Oregon was forwarded some days ago to the Secretary of State at Salem by Marshal Young The Legislature therefore has official knowledge of the facts on which to make a new apportionment. The Constitution requires them to do it, and the members have sworn to obey the Constitution. Now let us see if they will regard the oaths they have taken

The proposition to repudiate the State debt, on the allegation that it was illegally incurred, is based on the idea that the people of Oregon were not a party to the late war That is, Oregon is an independent sovereignty, and its citizens owe no allegiance to the United States This is the secession idea, and the way it crops out here shows that it is still cherished by the Democratic party,

The Case of James Jamison

CONVICTION AT OLYMPIA FOR OUTRAGING A YOUNG GIRL—SENTENCE OF THE COURT—A MERITED PUNISHMENT

We learn from Olympia the proceedings in the case of James Jamison, who has just been convicted of outraging a young girl under 12 years of age, in the District Court now in session at Olympia The offense was committed in 1867 in Clarke county, W T, and by a change of venue transferred to Olympia The trial commenced on last Thursday and the case was given to the jury on Saturday following, having been argued by Judge Wyche assisting the prosecution, J F Caples and O/D. Potter defendant, and H G Struve Prosecuting Attorney, closing the case for the prosecution On Monday morning the jury returned a verdict of guilty of rape On Wednesday the prisoner was brought up for sentence His Honor, Judge Green, addressed him as follows "James Jamison, you have been brought before the Court to receive your sentence have you anything to say why sentence of imprisonment in the penitentiary should not be passed upon you" The prisoner, who seemed to be perfectly self possessed and laboring under no excitement said he had nothing to say except that some of the witnesses had sworn falsely Judge Green then continued "The Court has considered the recommendation of the jury who tried you, in determining upon your sentence It has fixed upon the Court terms that its conscience will allow Your offense is great Four years ago a young girl became an inmate of your house Misfortune had bereft her of her natural guardian and protectors It became your sacred duty to shield her from all harm to encourage her in all good to provide for cherish and educate her But hardly had she come within your influence before you began to plot her ruin Your offense has no excuse nor palliation You were not surprised and hurled headlong into crime by a sudden assault of ungovernable passion, but of deliberate choice with a slowfooted and forecasting determination you descended into the depths of guilt Your offense is aggravated indeed For you were not restrained by any sanctity of home, or honor of family, or duty to wife or even by the tender years and cries and struggles of your victim or the danger of perverting her whole moral nature but assiduously through a course of years you polluted her body and assailed the purity of her soul But there was a Providence watching you both It rescued her It brought you here You will as the consequence of your crime have an opportunity for reflection and amendment of which the Court most earnestly exhorts you to take advantage The presiding Judge here has no personal feeling towards you but that of mercy If duty would permit him he would tell you to go and sin no more. But the people have fixed extremes of punishment corresponding to extremes of guilt, and he has even strained his conscience to arrive at a measure of punishment falling short of midway between those extremes

Upon satisfactory evidence and in despite of the best efforts of able counsel, you have been convicted by an impartial Jury of rape and now it is ordered by the Court that the defendant James Jamison be punished by confinement at hard labor in the penitentiary for the term of *fifteen* years and that he pay the costs of this cause and it appearing to the Court that there is no penitentiary building in the Territory, it is ordered that said Jamison be imprisoned in the county jail of Thurston county at the expense of the Territory '

The prisoner was then remanded to the custody of the Sheriff and removed to the jail

FROM THE STATE CAPITAL

[FROM OUR OWN CORRESPONDENT]

SALEM, Saturday Oct 8

THE SUM OF THE VILLAINIES CONSUMMATE

When I last wrote you the election for members of the House for Yamhill county had not been completed The following day, however the polls were closed, and the Democratic candidates were declared, by a partisan board of election to have received a majority and so Andy Shuck and Mr Townsend who were defeated before the people last June were admitted to seats and sworn in as members from Yamhill The sum of all villainies at present contemplated by the Democracy in regard to elections of members of the Legislature has now been consummated and I presume we are to have peace The Democratic majority is now large enough to ensure the passage of whatever jobbing scheme may be in hand and the beheading axe will now be hung up to drip and dry

In connection with these late elections it may not be out of place to note that one of the most vehement denouncers of the importing ' business was Ben Hayden one of the band of hungry brothers who originated the idea and practice of importing votes to carry a county against the will of the resident voters It has not been forgotten that in 1864 he and others of Polk county procured from Portland forty thieves, roughs and bummers to go into Polk county and vote the Democratic ticket This was the first regularly organized scheme in Oregon for importing votes Now, when it is alleged that others have engaged in importing Ben gets furiously, virtuously indignant, and declares that his soul is horrified and his sense of honor shocked at the corruption of importing voters from one county to another This too when he knows and everybody else knows that a considerable per cent of the votes by which he got his certificate of election was imported into Polk county Newby too, claimed his seat on the ground that importing frauds had been practiced in Yamhill and money had been used to influence votes He made no allusion however, to the number of times he went to Portland after "help" during the late canvass nor to the number of beads his trips cost Kelly and others of the faithful nor to the number of Democratic voters who were induced to go to Yamhill about ninety one or ninety two days before the election Considering all the facts which can be shown in relation to the importing business in Yamhill and Polk, it is rich, is it not to hear such immaculately virtuous men as Hayden and Newby declaim against the frauds of importing?

WHAT THE ELECTIONS WERE FOR

The last outrages—the Yamhill elections—would never have been perpetrated had the Democratic majority been sufficient to override the Republicans and the few scrupulous Democrats in the matter of jobbing out the 500 000 acres of land donated for internal improvements but which has always been considered and treated as school lands I have already mentioned some of the jobs in hand As the Senate was constituted before Strahan was imported these jobs had no certain chance of going through The House even after the Benton contestants were let in adopted a resolution asking Congress to confirm the diversion to the school fund as contemplated by our State Constitution This would never do for the jobbers If the votes were not in possession to carry through the contemplated robberies, they must be had The Yamhill contests were therefore brought forward, the party thumb screws were applied and *nolens volens*, every Democrat, whether in favor of or opposed to the land grabs, was compelled to vote the contestants in It is now supposed that the grabbers can control votes enough to put their several bills through If the event shows that they have not you may count confidently that the Clackamas Republican members will be ousted The vote by which the Sandy Dalles road bill was defeated the other day has since been reconsidered, and an attempt will be made early next week to pass it—an attempt which unfortunately will doubtless be too successful The various resolutions favoring the appropriation of the land grant to school purposes, are lying dead (probably) in the hands of committees or on the table If they are not dead they will no doubt be killed dead enough when they come up again

THE FAIR GROUNDS.

The improvements to the Fair Grounds, completed and to be completed, are more extensive and of more substantial character than those of any former year There will be this year ample stable room for all animals on exhibition, sheds for agricultural and mechanical implements, shed stands for visitors, wells for an abundance of water an enlarged pavilion and various other conveniences The grounds will be, for the first time in a credible condition There are already many people camping within the enclosure or the adjoining grounds, while many others are getting their shanties or tents in readiness During this week there has been almost a constant ingoing and outcoming of visitors attracted partly by the preparations going on and partly by the railroad which has its depot at present near by

THE RAILROAD

Track-laying was begun again at the Fair Ground to-day It is contemplated to finish the track to the Salem depot to-morrow

PRACTICAL REPUDIATION

Mr Amis has immortalized himself again He introduced a resolution to day submitting to the people the question of repudiating the payment of the soldier's relief and bounty bonds It will be adopted There will be no shafts of ridicule shied at this proposition by the Democratic members Their souls which have so long yearned for repudiation of some sort are eager for the fray now that a practical way has been suggested for accomplishing a repudiation villainy The resolution will go through as a Democratic measure, and the repudiation of these bonds will be the issue in 1872 The people may prepare for it at once

THE THEATERS

Mr Bates with an excellent company is playing at the Wigwam to a much better average business than he had at Portland, during the two weeks prior to coming here Miss Sallie Hinckley who has become an established favorite had a full house last evening at her benefit The Bella Bird troupe at the Opera House are doing better than at the opening of the season The accession to the troupe of Mr L F Beatty and wife was a quite fortunate one. Mr Beatty is an excellent stock actor and Mrs Beatty is very pretty and pleasing All Salem is on the tip toe of expectation in regard to Miss Lee Hudson who has been announced for equine performances next week at the Opera House

For an Irritated Throat, Cough or Cold BROWN'S BRONCHIAL TROCHES are offered with the fullest confidence in their efficacy They have been thoroughly tested and maintain the good reputation they have justly acquired As there are imitations be sure to obtain the genuine

Portland Oregon appears on the bark *Edward James* now in this port It is the first sea going craft owned wholly in Portland we believe, since the days of the *Gold Hunter* owned by Messrs. Coffin Ankeny Chapman and Dennison.

The demand for houses for small families, at cheap rates is said to be in excess of the supply in the city Who will be the first to inaugurate a Building and Loan Society in Portland? Borrow your money East, on long time, at 4 and 5 per cent. and double it every six months in a Building and Loan Association We have too large a proportion of real estate over houses, on mortgage.

SAFE ROBBERY —On Saturday morning the store of Mr John A English corner of Fourth and J streets, East Portland was entered by a gang of young thieves four in number under the leadership of the notorious boy, Charlie Burch The safe a small fire proof of the Lillie patent was the only thing disturbed It was hauled, rolled and carried out of the building and dumped over the bank in front of the store where two of the robbers destroyed it, taking what coin they could find —$125,—and destroying papers of no value to them, while their two [illegible] stood guard over Mr English with revolvers. The time occupied in the daring enterprise was about one hour Mr English had been awakened by the noise of their operations, and went to the front door of his sleeping apartment, where he was covered by a revolver and told to keep still under peril of death' He then went to a rear window where he was met in the same manner as before, with the further information that he must move out of sight or he would be shot on the spot In this most uninteresting position he then concluded that to have peace would be the better for him and he remained quiet. This occurred at 5 o'clock in the morning, and although Mr English is on the most prominent corner in the town —Nat H Lane's old stand,—no one else was disturbed Burch was identified as being one of the parties thus engaged and this information was lodged at headquarters, and during the evening the young culprit was arrested and taken to jail. His associates Joseph Hackney—[illegible] [illegible] as an aid to the desperadoes, Wilson and James Miller and Cassady, had not yet been captured when we went to press

MYSTERIOUS DISAPPEARANCE —On Friday's trip of the *Oneonta* came to this city a man who was registered at the American Exchange as Mr. Greenfield His only acquaintance here was his traveling companion Mr W M S Brown Mr Greenfield went out from the hotel after tea, and has not been seen since From the fact that he left his carpet-bag at the hotel, and from the representations of Mr Brown that Mr Greenfield had Cedar Creek dust —they both came from the mines of Montana —the suspicion seems to be pretty well founded that foul play has made way with the missing man It is not known where he went, nor in whose company he was, the evening he left his traveling companion at the hotel. As the thieves about Portland seem to be pretty well posted and as Mr Greenfield is supposed to have had on his person not less than $1500 it was a very easy matter to get him to one side if he had the slightest inclination to see the sights. He does not seem to have been a very thorough man as he requested the clerk at the hotel to register his name for him, instead of writing his own name and address in full. We understand that Mr. Brown has no knowledge of his family relations or friends, having only fallen in with him on traveling down the Columbia river to this city

DEATH OF ISAAC ROSENFELDT —Private dispatches announcing the death of Isaac Rosenfeldt in Baltimore on the 2?th inst, were received in this city on Saturday The deceased was brother of Mr Henry Rosenfeldt of this city, and was one of the founders of the business of Rosenfeldt & Co. tobacconists at the "old corner" store, opposite the American Exchange on Washington and Front streets He had been suffering from that dread disease, consumption for some years past, and went east in the hope of finding relief which it seems alas was only to be obtained in death. His circle of business acquaintances and many warm friends in social life will hear of his death with regret at losing one so generally kind and uniformly respectful in all the transactions of life.

DETECTED —G T Carter cook at the Eastern Restaurant on First street and one of the waiters in the establishment named Maxwell, who have been suspected by Messrs Lee & McLeod of embezzling from the establishment when the proprietors were absent were detected on Saturday and taken in custody by the police The defendants were caught by marked coins which had been placed in the hands of persons who were delegated to visit the restaurant and spend the same on separate days during the absence of Messrs. Lee & McLeod The money so marked was not found in the till of the restaurant, and it was correctly determined in the minds of the owners that the persons arrested had it which proved correct as some of the marked coins were found on them when arrested

OPENED —On Saturday the new Cosmopolitan Hotel was opened for the reception of guests by Messrs A Zieber and Dan Holton proprietors The Cosmopolitan is really an attractive place The motto of Mr Zieber when he opened the once popular Main Street House at Oregon City in 1856 to keep it as it ought to be kept has been adopted in this case The office bar room library and dining rooms are on the first floor all elegantly fitted and furnished The reception rooms parlors etc etc are on the second floor and the entire house has been so altered and improved that even Mr Arrigoni himself would scarcely recognize the place

BAD TASTE IN THE HERALD Inasmuch as the arrival of Col Kelly in this city on Saturday evening was received with profound silence and cold neglect by his own party it would have looked better if the *Herald* had not to have [illegible] that one [illegible] notice of the arrival We think so decidedly Then the event would not have been so completely [illegible] by that paper's rapturous [illegible] on the arrival [illegible] Macbeth's [illegible] bulls [illegible]

STATE FAIR —The number [illegible] the grounds of the State Agricultural Society at Salem on Thursday is reported to have been larger than the usual on the second day of previous fairs The number of horses is said to be quite large

THE FIFTH BRICK Mr [illegible] Goodnough's brick store two stories high is rapidly approaching completion It is being built on Morrison street, next door to the house of engine company No 1

The World Grows Wiser

The human stomach has been a sharply persecuted organ There was a time when for every disorder it was punished with huge doses of the most disgusting and nauseous drugs In vain it rejected them and (literally) returned them upon the hands of those who administered them ... It was some time ... until its solvent power was ...

The world is wiser now than it was ... when ... purgation ... what Artemus Ward would have called ... of the faculty in cases of dyspepsia and liver complaint

The great modern remedy for indigestion and biliousness is Hostetter's Stomach Bitters a preparation which has the merit of combining a palatable flavor with such tonic aperient and anti-bilious properties as were never heretofore united in any medicine

It has been discovered at last that sick people are not like the fabled Titian who found prostration so refreshing that when knocked down they rose from the earth twice as vigorous as before When an invalid is prostrated by powerful depleting drugs he is apt to stay prostrated and the debilitated being aware of the fact prefer the building up to the knocking down system of treatment

Hostetter's Bitters meets the requirements of the rational medical philosophy which at present prevails It is a perfectly pure vegetable remedy embracing the three important properties of a preventive a tonic and an alterative It fortifies the body against disease invigorates and revitalizes the torpid stomach and liver and effects a most salutary change in the entire system when in a morbid condition

Eugenie Under Defeat.

HER INQUIRIES FOR NAPOLEON AND McMAHON—LAST DAYS IN PARIS.

(Paris, Sept. [illegible]—Night—Correspondence of Irish Dublin Times.)

On the Stock Exchange they could not believe that the cause of France was thoroughly lost in the northeast of the empire, and it will forever remain a singular example of the blindness of moneyed men, or of their selfishness having an eye to peace, that on this fatal day there was but a fall of one per cent. on the Bourse of Paris in Government stock.

Later in the evening, I believe, the Empress first received the fatal and terrible news in its full extent and with full authenticity, for it was late when the announcement to the Prefects, signed by all the Ministers, was written out and forwarded. If the Ministry previously knew it probably it was quite natural that they should break it to the Chamber and the nation. The Empress, poor, unhappy lady, bore the shocking intelligence better than any human being could have contemplated. She was pale as marble and was arrayed in that negligence of dress and personal adornment so sadly habitual to her since this crisis has arisen. With hands clasped and eyes raised to heaven, her first words were:

"Louis, my son?"

"Madame, the Prince Imperial was at Maubenge, and must be quite safe in Belgium."

"Poor France, poor France!" and then repeated several times. "And the Emperor," she said innocently, "they will not, surely, insult or ill-treat him?"

"Madame," replied M. Chevreau, "it is a palace prison of gold and velvet, and anxious sympathy, which ever await such a prisoner as his majesty."

"And McMahon?"

"The Marshal is very badly wounded, please your Majesty."

"Ah! I fear the gallant duke has sought death and has found it."

"And De Failly?"

"I think your Majesty must make up your mind for the worst as regards General De Failly, there is no certainty, but many reports say he was killed on the 28th or 30th."

Such was the scene at the Tuileries. I do not presume to give you as fully authentic the *ipsissima verba*, but from a source certain I learn that something very near the foregoing words were uttered.

A Row at Scio.

[From the Albany Democrat.]

We are informed that a nice little row occurred in Scio one morning last week, in which tragedy, domestic drama, low comedy and farce were all fairly represented by several embryo artists. One Thomas complained to the landlord of the "Scio Hotel" because the waiter at the breakfast table "gave him some of his jaw," when "mine host" of the Scio hash house, in order to vindicate the character of his domicile and impress his irate customer with his authority and importance, laid the blame of the delinquent waiter's conduct upon his own wife and—kicked her! and the woman, in defense of her wounded honor and to revenge herself for her husband's brutal assault, unhesitatingly arose to the emergency of the moment, and fearlessly crying out:

> "Lay on, Macduff:
> And damn'd be him who first cries, Hold, enough!"

busted a frying pan over her gallant spouse's pate. At this juncture, Thomas, who was a witness of the scene, not being willing to see his champion so abused by the infuriated wife, heroically drew a long knife from his belt and rushed to the unprotected husband's rescue, fiercely brandishing it in a threatening manner before the dauntless woman's eyes. At this important juncture, when our heroine was about to get the worst of it, through the combined efforts of her husband and his backer with the long knife, a gentleman by the name of Fick, attracted thither by the noise, appeared upon the scene, and quickly comprehending the state of affairs, gallantly and fearlessly espoused the woman's cause and kicked the bold and manly Thomas out into the street and nearly across the bridge which spans the creek at Scio. The epilogue to the play was recited by his Honor the City Recorder, when he fined the man Thomas $30 for the luxury of drawing a knife upon a woman who had nothing but a broken frying pan with which to defend herself.

Anti Democratic.

[From the Albany Register.]

Senator Stout, of Multnomah county, recently introduced in the Legislature a bill creating some new features in the Charter of Portland city. The two principal points in the bill are, first, the granting authority to the city to create an indebtedness of $400,000 for the purchase or erection of gas and water works, and second, authorizing the Governor of Oregon, immediately on the passage of the bill, to appoint a Police Judge to supercede the present Recorder, and a Board of Police Commissioners, who shall organize a new police force in the place of the present force. This bill is gotten up for the purpose of humiliating a Republican city, ignoring the rights of the people to elect their own officers, and placing the appointing power in the hands of Gov. Grover and his political satelites. This is another evidence of the love and regard the Democratic party of Oregon has for the rights and will of the dear people. Knowing that the majority of the voters in Portland are Republicans, and that therefore as long as they are left to choose for themselves they will elect Republicans to office, the Democratic party, the moment it gains the power, hastens to crush out the will of the people as expressed at the ballot-box, takes the reins of government from the hands of the people, and places it in the hands of a Democratic Executive. Here is an exhibition of Democratic popular sovereignty! We tell them it is setting a bad precedent, should this bill pass—a precedent that will yet be bitterly repented by the party now in power.

McMahon Facing Death.—A French officer who escaped to Belgium writes:

To relate what McMahon did is impossible—steel, fire, melted metal, explosive balls, and I don't know what other infernal mixtures the Prussians there made use of for the first time, appeared to stream off or to rebound from him like hale from a roof. He went to the front seeking death. "Leave me, my friends," he said to us all, who sought to prevent him from going forward, "let me show those Kings, those Princes, who hide behind their masses of men, that a Marshal of France knows how to fight, and, when beaten, how to die." And he smiled upon us a smile, which made us weep, and redouble our rage. Ah, miserable! We kill, we massacre, and the living appear to spring up from the dead, which we heap around us. We climbed a little mountain of dead bodies that we might reckon how long the butchery would last. My saber, broken and reeking, fell from my hands when I saw what masses we had still to contend with. The plain, the horizon, was thick with dust.

We were but ants in a large ant-hill.

"Marshal," I said, "we have at least 200,000 men before us."

"No," he replied gently, "300,000."

At that moment a cloud passed before my eyes and we went mad. We regained our senses only when we found ourselves beyond the hordes of Uhlans who attacked us. We had been fortunate enough to reach the Belgian frontier.

We were safe, but at what a sacrifice.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhoea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the Happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies, see that they are cured and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of his complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with forged sworn certificates, dupe the unwary. Some of the self-styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1867 and 1853. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat disease that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, (Private Entrance on Commercial) San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.
Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*. ly6d4ptf

NOTICE.

HOLDERS OF TICKETS to the GIFT CONCERT in aid of the Mercantile Library Association, are hereby notified, that the Concert is postponed until

Monday, October 31st, 1870.

Unexpected interferences have operated to make this delay necessary to accomplish the result of freeing the Library from debt, without recourse to other privileges granted by act of the Legislature, passed February 19, 1870.

This is positively the only postponement which will be made. The Concert will take place on the day above named, commencing at nine o'clock, A. M., and to continue until all the gifts have been awarded.

The funds already in bank are considerably more than sufficient to insure the successful completion of the contract with the public.

The sale of tickets will positively close on Friday, the 28th day of October, 1870.

All tickets remaining unpaid at that time will be withdrawn from sale and cancelled. They will be advertised by their numbers, on the 29th day of October, 1870, in one or more of the daily papers of this city. Any diminution thus made in the number of tickets to be drawn, will not affect the number or amount of gifts. They will be as heretofore advertised, to wit: 625 gifts amounting in all to $500,000 gold.

Ticket holders residing out of San Francisco will receive duly accredited lists of the awards of Gifts, which will also be published in the leading San Francisco daily papers, on the 1st November, 1870.

Delivery of gifts will commence November 2d, 1870, at the office, No. 318 California Street, to all parties presenting tickets to which gifts have been awarded. All gifts awarded to non-residents will be held to their order and for their account.
